

Arts Institute
UNIVERSITY OF WISCONSIN-MADISON

The Office of Student Financial Aid is accepting submissions to be displayed on the walls of the 9th Floor of 333 East Campus Mall September 30, 2017 - January 11, 2018. Submission deadline is September 16, 2017. There is limited space for sculptural work in addition to the 2D pieces.

The exhibit is open to all artists, with preference given to current UW and MATC students. For UW-Madison students entering their work, a student jury will award a \$500 scholarship to the best entry.

The exhibit will highlight original fine art. Entries are not limited to a theme or mission. This call represents an effort to make the office a place of interdisciplinary expression and artistic liberty.

The exhibit jury is composed of a team of at least three UW students under the direction of the UW Arts Institute.

To submit, please provide:

- a maximum of 8 works of art (up to 3 images per piece) titled Lastname_Piece# (e.g. Doe_02)
- a written list of submissions by number, including title, date, dimensions, and medium
- Artist Statement (up to 400 words)

Please send all documents to info.galleryguide@arts.wisc.edu by September 16, 2017.

All art will be exhibited in the hallways and public spaces of the 9th floor offices. Pieces may be installed in a frame. The office is open during building hours. There is no security system present for the selected works, though the office does not present a clear danger to the proposed works of art. Artists absorb all risk to the exhibited artwork.

The pieces exhibited do not reflect the values and mission of the Office of Student Financial Aid or the greater University of Wisconsin. They serve to further a mission of artistic integration in administrative spaces and the creation of student artist and curatorial opportunities.
